- ・ The application information will be posted on the bulletin board on campus and on the website of the International Education Center. The application period for each scholarship is subject to change, so please check it frequently.
- ・ Students with excellent grades in the previous year will be ranked higher in the recommendation selection. In addition, those who have not received any scholarships in the previous year will be given priority. This is because we want to provide as many international students as possible with the opportunity to receive scholarships.
- ・ If you have already been recommended for other scholarships and are waiting for the final result, your recommendation ranking will be lowered. Please check the past recruitment status and choose carefully before applying.
