- The original copy of the TOEIC-IP (also known as the College TOEIC) Listening and Reading Test Score Report (individual Score Report)

- The original copy of the TOEFL iBT Special Home Edition Official Score Report or Test Taker Score Report

*If you have taken the TOEFL iBT Special Home Edition or TOEFL iBT test at a test center, and are unable to submit the Official Score Report with the other application documents, please download the Test Taker Score Report from "My TOEFL Home" and submit it instead. The Original Score Report should also be submitted once available.

○Score Validity

It was originally stated that "the score to be submitted must have been obtained no earlier than three years prior to the first day of the examination." This has now been changed from three years to **four years**.

Presentation Examination for the Department of Design and Media Technology

For the General Entrance Examination and Entrance Examination for Working People, applicants in remote locations can now choose to give their presentation remotely via Skype or some other online application instead of at the exam venue by connecting the applicant's home, university, or workplace with Iwate University.
